ACADEMIA ROMÂNĂ

About the project

Over the last years few real major investments in the field of academic and public education have been made. Even fewer were based on a partnership between representative public institutions and NGOs or foundations. With the support of European structural funds designed as a means of support and development for advanced education, the Romanian Academy has engaged a series of projects to bridge these gaps. Built around the SOPHRD project, ID 61104, *The Social Sciences and Humanities in the Context of the Globalized Evolution: the Development and the Implementation of the Post-doctoral Studies and Research Program*, financed by the EU and the Romanian Government, this initiative, conceived around the key words *Civilization – Society – Cultural Heritage – Globality*, aims at creating an advanced social and academic platform for the educational process focused on the preservation of traditions and on modern creativity. The project supports the institutional development of advanced studies in the fields of Humanities, Social Sciences and Cultural Heritage, under the patronage of the Romanian Academy and the active supervision of some of the most distinguished Romanian and European figures in these fields such as: Ionel Haiduc, Peter Schreiner, Paolo Odorico, Gilles Veinstein, Konrad Gündisch, Alexandru Vulpe, Șerban Papacostea, Victor Spinei, Andrei Pleșu, Vasile Pușcaș, Vintilă Mihăilescu, István Horváth, Nicolae Edroiu, Ioan-Aurel Pop or Marius Porumb.

Despre proiect

În ultimii ani s-au făcut puține investiții într-adevăr majore în domeniul educației publice și academice. Și mai puține au fost bazate pe un parteneriat între instituții publice reprezentative și ONG-uri sau fundații. Cu ajutorul fondurilor structurale europene destinate sprijinirii și dezvoltării resursei umane din învățământului superior, Academia Română a reactivat o serie de proiecte pentru a umple aceste goluri. Construită în jurul proiectului POSDRU, ID 61104, *Științele socio-umane în contextul evoluției globalizate: dezvoltarea și implementarea programului de studii post-doctorale și de cercetare*, finanțat de UE și de Guvernul României, inițiativa, grupată în jurul sintagmei *Civilizație – Societate – Patrimoniu și Moștenire Culturală – Globalitate*, intenționează să creeze o platformă socială și academică de educație deschisă concentrată pe conservarea tradițiilor și pe creativitatea modernă. Proiectul promovează dezvoltarea instituțională a studiilor avansate în domeniul științelor umane, științelor sociale și a moștenirii culturale, sub patronajul Academiei Române și supervizarea activă a câtorva dintre cei mai distinși specialiști români și europeni din domeniul academic și universitar, precum Ionel Haiduc, Peter Schreiner, Paolo Odorico, Gilles Veinstein, Konrad Gündisch, Alexandru Vulpe, Șerban Papacostea, Victor Spinei, Andrei Pleșu, Vasile Pușcaș, Vintilă Mihăilescu, István Horváth, Nicolae Edroiu, Ioan-Aurel Pop sau Marius Porumb.
